

AUSTEN MANZANI

GRAPHIC DESIGNER

About me

My name is Austen Manzani, I am a Graphic Designer based out of Los Angeles, California. From a young age, I've always had a passion for creation. At 14, I discovered graphic design through a screen printing class and the rest is history. Branding, advertisements, and logos are what really inspires me to put my best work out there. For the most part, I love creating anything for anyone be it design related or not.
